Good morning,

My name is Emily Voorde and I am the Disability Community Liaison in the White House Office of Public Engagement. I'm reaching out to personally invite you to a Vaccine Month of Action Call tomorrow, May 27<sup>th</sup> at 11 ET. During this meeting, we'll highlight the next phase of the vaccination effort: a month of action, from June 4<sup>th</sup> to July 4<sup>th</sup>, to ensure we reach the national goal of 70% of adults receiving at least one vaccine shot by Independence Day. The only way forward is together, and we need you to join us in this important campaign to beat the pandemic, reopen safely, and save lives. You can [RSVP here](#) to join the call, and any and all are welcome – please share widely with

your colleagues and community. On the call, we'll discuss the simple, effective actions you and your organization can take to help us reach 70%: talking to people in your community, speaking with family and friends, making calls and texts to people about vaccine access, and more.

We hope to see you there!
