

OVERVIEW

The ADHC/CBAS Incident Report (CDA 4009) is used by CBAS centers to provide summary information on adverse events that occur at or in transit to or from CBAS centers, as defined in Title 22, CCR, Section 78427.

The Incident Report is available in a PDF format on the CBAS page of the California Department of Aging's [website](https://aging.ca.gov/Providers_and_Partners/Community-Based_Adult_Services/): https://aging.ca.gov/Providers_and_Partners/Community-Based_Adult_Services/. To find this form, click on the Forms and Instructions tab, select Reporting Requirements, and then select Incident Report (CDA 4009).

Submit one copy of each Incident Report to the CBAS Branch, the California Department of Public Health (CDPH) Licensing District Office, and the participant's Medi-Cal managed care plan (MCP) within the specified timeframes, via the format indicated below, and retain a copy of each report at the center. **DO NOT E-MAIL.**

SECTION I - ADVERSE EVENT INFORMATION

Complete Section I to provide a general description of the adverse event being reported. Complete this section only once for each adverse event, even if multiple participants are affected.

Box A: Nature of Adverse Event

Number of Participants Affected

Indicate the number of participants affected by the adverse event.

Unusual Occurrences in Environment or Facility

If the adverse event meets the description of an unusual occurrence, check the appropriate box identifying the type of adverse event.

Section 78427, Title 22, California Code of Regulations, specifies types of unusual incidents and occurrences that must be reported. Unusual occurrences are generally widespread in their effect, threaten the welfare, safety, or health of center participants, and are largely those that happen:

- In the environment – such as earthquake or flood; or
- In the facility – such as fire or explosion

Reports of unusual occurrences must be submitted within 24 hours of occurrence.

Death, Serious Injury and Unusual Incidents

If the adverse event is a death or meets the description of a serious injury or unusual incident, check the appropriate box identifying the type of adverse event.

Section 78427, Title 22, California Code of Regulations, specifies types of unusual incidents and occurrences that must be reported. Unusual incidents affect the welfare, safety, or health of one or more participants in a significant manner and are not consistent with the center's routine operations or participant care. Such unusual incidents include:

- Death - from any cause.
- Serious injury – physical or psychological harm resulting in extreme physical pain, risk of death, significant loss or impairment of function, and requiring professional medical treatment.
- Participant missing from center – participant arrives at center and goes missing during the program day.
- Abuse – physical, psychological, or other abuse or suspected abuse by staff or other participants meeting the requirements for mandated reporting (WIC §15600-15675).

NOTE: In addition to reporting unusual incidents involving abuse that occur at the center or in transit to or from the center, CBAS center staff are mandated reporters under the Elder Abuse and Dependent Adult Civil Protection Act and have additional reporting responsibilities defined in WIC §15600-15675. More information about additional abuse reporting responsibilities can be found at: leginfo.legislature.ca.gov/faces/codes.xhtml.

- Unexplained absence with inability to contact – unplanned absence from the center on scheduled days of attendance, coupled with the inability to contact the participant/caregiver, using all available contact information, within a reasonable period of time, to determine the reason for the absence.

- Protected Health Information Security Breach - breach or suspected breach of protected health information. For example, physical health records are lost or computers containing electronic health records are lost, stolen, or compromised.

Reports of death, serious injury, or unusual incidents must be submitted within 48 hours of adverse event.

Summary/Additional Information

Enter brief narrative description of the adverse event, including the specific type of adverse event if “Other” is checked above.

Box B – Center Response

Check all boxes that apply at the time report is submitted.
