

Good morning ADRC Partners,

Managed Care Plans (MCP) have begun seeking partners and providers for [CalAIM](#) Enhanced Case Management (ECM) and In-Lieu of Services (ILOS). We hope this weblink to the Department of Health Care Services' [Medi-Cal Managed Care Health Plan Directory](#) is helpful to your ADRC partnership in forming partnerships and exploring opportunities for collaboration with Medi-Cal MCPs. Please let us know how we can further support your efforts.

Thank you,

ADRC Branch Team
California Department of Aging
