Instructions for Completing CDA 7001M

A detailed project Work Plan is required prior to the release of funds for the Medicare Improvements for Patients and Providers Act (MIPPA) contract and should outline performance goals, measurable outcomes, major objectives, key tasks, and time frames (start and end dates) specific to the project activities outlined in the contract Scope of Work.

With CDA approval, MIPPA funds may be used to provide “other” project services in addition to those listed in the Scope of Work, as long as they are not duplicative of services provided under other CDA contracts (i.e. HICAP, Financial Alignment).

The MIPPA Work Plan should delineate how each of the three Priority Areas listed below will coordinate efforts and resources to achieve the MIPPA Work Plan goal:

- Priority Area 1 – SHIPs
- Priority Area 2 – AAAs
- Priority Area 3 – ADRCs (where applicable)

The required MIPPA Work Plan categories include:

  - GOAL #3: Expand, extend, or enhance outreach efforts related to Medicare wellness benefits and preventive services.
  - GOAL #4: Develop new partnerships and maintain existing ones.

- Objectives - Objectives are identifiable or measurable steps toward a goal. Part of the planning process or sequence (the “how”) to attain the goals.

- Key Tasks - List Key Tasks that must be completed in order to accomplish the stated objectives.

- Staff - Identify the individuals responsible for completing the key tasks, either Contractor Staff (if a AAA Direct HICAP), or Sub-contractor Staff (if a AAA-contracted HICAP), or ADRC Staff (where applicable).

- Key Partners – Identify Key Partnerships (senior centers, pharmacies, associations, foundations, etc.) utilized to complete key tasks and meet identified objectives.
